VOL. 3

EDMONTON, ALBERTA, THURSDAY JANUARY 19TH 1905.

No. 14

## THE ESTIMATES BROUGHT DOWN.

Kidd will Retire and give Mr. Borden a Seat—Gacconi will Hang—Two Provinces Likely to be Established in the West.

Ottawa, Jan. 18.—The Estimates presented to Parliament to-day show a total of \$68,664,392, compared with \$62,935,338, which was the main estimate for the current year. For the National Transcontinental there is voted \$1,285,500; \$50,000 for a steamship line to New Zealand, and immigration allowance is increased by \$64,000.

### TERRITORIES GET \$240,000.

Ottawa, Jan. 19.—The Territories by the Estimates receive \$240,000 for public buildings, divided as follows:—Barracks for permanent corps Strathcona Horse, \$40,000; Calgary public building enlargement for Post Office and Examining Warehouse purposes, changes, fitting, etc., \$40,000; Calgary Land Titles Office, \$15,000; Court House, lock-up and police accommodation, \$5,000; Dominion buildings renewal, improvement, repairs, etc., \$5,000; Edmonton Jail, \$32,000; Medicine Hat public building, \$15,000; Moose Jaw public building, \$20,000; Prince Albert public buildings, for post office, court house and registry purpose, \$40,000; Red Deer court house, lock-up and land office, \$6,000; Regina post office, custom house, etc., \$20,000; Saskatoon public buildings, \$5,000. There is no appropriation asked under the head of "Government of the Northwest Territories," an item which for the current year amounted to \$1,236,359, the reason for this being because the financial position of the Territories will be dealt with in the Autonomy Bill. The sum

asked for the eastern section G.T.P. surveys, construction and other expenses is \$1,328,500.

Edward Kidd, M.P., got the consent of his constituents at Richmond to-day to resign his seat. Mr. Kidd said that Sir Wilfrid told him there would be no opposition to Mr. Borden.

It is understood that an appeal has been made to the Governor-General in the case of the Italian Gacconi, to be hanged at Montreal the day after to-morrow. The Government decided that the law has to take its course some days ago, but it is probable that the case will be again considered.

It has been pretty well decided that there will be two provinces carved out of what is now the North-West Territories in the autonomy bill. The dividing line will run north and south. Northwest representatives are beginning to take this view of it.

### TO MORROWS MATINEE PROGRAMME.

At the special meeting of the Driving Club held last evening in the usual place the following alterations and additions were made to the programmes.

The programme will be as follows, commencing at one o'clock sharp.

1st.—2.30.  
2nd.—Green.  
3rd.—3 Minute.  
4th.—Free for All.

All horses must be entered by 12.30 and ready to start when the event in which entered is called or forfeit the right to do same.

The following are the judges appointed: Starter, Mr. Dave Stewart; judges, Mr. J. H. Morris and Mr. Miller.

Judges from the above programme a good time is guaranteed. Admission free, all welcome.

THURSDAY, JANUARY 19, 1905

**NEWSPAPER TRIALS**

The members of the International Typographical Union No. 604 are out with a manifesto explaining to the "citizens and advertisers" of Edmonton that they have not struck but have been locked out of the two newspaper offices of the city. Judging by the wording of their manifesto the members of the International Typographical Union No. 604, are looking for sympathy from the citizens generally, hoping to secure a boycott of advertisers against the two newspapers and particularly expecting to arouse the antagonism of the labor unions at large against the said newspapers and their management.

The first paragraph of the manifesto sets out that the purpose is to correct a misunderstanding arising from alleged misleading reports. In the second and third paragraphs the members of the International Typographical union No. 604 state their case as follows:—

The Printers of Edmonton have presented to the Masters for their consideration a proposed raise in the wage scale, as we were presenting our new contracts for the year but without considering the same and refusing even to meet a committee of the Union to adjust the scale, which is now lower than that paid in the neighboring towns they discharged the staffs of both offices without a moment's notice.

The new Bulletin for men, after consulting to join the Union, and having written out an application for the same, has not been discharged but is assisting non-union men to carry on the work of the office. The other office has made this statement that for the present, they will not re-engage the Union.

The Bulletin has already explained why the members of the I. T. U. hitherto in its employ were discharged. The reason was not as stated in the manifesto. The question of wages did not arise. The men were discharged because their action on the previous Monday had shown that it would be simple insanity under all the circumstances to depend on such a staff. As far as wages is concerned, the Bulletin has paid higher wages than the highest the scale mentioned called for. The union secretary was drawing from the Bulletin at the time he wrote the union demands a dollar a week more than the proposed scale entitled him to. If the Bulletin might choose the men it would pay the wages, but the essence of the union demand was that while the Bulletin must pay the wages the union must pick the men. It was at this point that the Bulletin drew the line. As to the statement that the rate hitherto paid in Edmonton is lower than in neighboring towns, it is in order to state that the men making the demand for increased wages would not with one or two exceptions be considered competent to earn the wages asked in the offices where such wages are paid. They were simply taking advantage of the isolated position of Edmonton and the influence of the International Typographical Union to enforce a scale of wages which they were not competent to earn. It goes without saying that first class tradesmen in union membership do not have to come to Edmonton or places similarly situated to get employment.

The word "masters" as used in the manifesto as applied to the humble and subordinate persons

**Three Months  
of Steady Cold  
Weather**

If it was to last only a few days or weeks, then any kind of a Heating Stove would tide you through, but for a long spell of cold weather where you need your house warm night and day there is no Stove on the market so well adapted for heating as the

**"Riverside Oak"**

It will heat two rooms at once. It has a hot air pipe attachment and it will take the cold air from the floor, heat and distribute it into any room the Hot Air Pipe is carried into, without burning any more fuel. It burns equally well Coal or Wood and the price is very low considering its efficiency and economy.

Ross Bros. Limited have handled this Stove for a long time and can conscientiously recommend it as sure to please. Have you seen the New Steel

**Monarch Range**

guaranteed all Steel and Malleable Iron. The top of this Range is ground to a finish, just the same as a Fry Pan or Kettle and can be used for Frying and Toasting just the same as a French Top Range. The Ovens are the most uniform of any Ranges made. The water fronts are so modelled that they will heat twice the water of an ordinary Range. It burns either Wood or Coal equally well and will heat up quickly and on a less quantity of fuel than any other range made.

**See the One in our Window**

they are beauties and the price is not so high as you would expect to pay for so good an article. We keep everything in Kitchen Utensils and truly think we can give you better value than any other House in the West.

**Ross Bros.**  
Ltd.

who for the privilege of running print shops pay weekly tribute to the members of the International Typographical Union No. 604, is used in a strictly ironical sense. The amount of consideration which they were permitted is contained in the notice sent them which is headed "Additional by-laws." What other by-laws there may be for the government of their action they were not informed. But the document forwarded by mail and headed as above mentioned sets forth a minimum scale of wages, fixes the number of hours of work, and generally assumes such control of the printing business as to place the ironically so called "masters" in their proper places as jackals for the International Typographical Union lion. The secretary of the I. T. U. accompanied the scale of prices and announcement of hours of labor with a statement that these had been adopted by the Union on Jan. 7th, that they would come into force on Jan. 24th and that contracts would be presented for the signatures of the "masters" on Jan. 17th. The letter concluded:—"Our scale committee will be pleased to meet a committee of the master printers at any time previous to that date."

It was probably outside the calculations of the members of the union that they would be permitted to do on the 14th what they had practically announced their intention of doing on the 17th unless the "masters" on that date signed away any control that they had so far retained of their own offices. But it is not correct to say they had not a moment's notice. They had notice the whole of Saturday afternoon with their cheques in their pockets, as compared with the two hours notice they had given the Bulletin manager on the previous Monday.

It is true that the masters did not avail themselves of the distinguished privilege accorded them by the International Typographical Union No. 604 of a meeting with the scale committee of the I. T. U. The demands made were such as could not be conceded, and were made in such a way as to preclude discussion except as a preliminary to concession.

The information given out in the third paragraph of the manifesto regarding the Bulletin foreman is not of interest to the general public, but is placed in type for the information of the I. T. U., so that the foreman shall in due course be made to suffer for his sin of remaining at work when there was no reason from any point of view that he should do otherwise, except from that of the I. T. U. which apparently has a rooted objection to a man honestly earning his wages or faithfully serving the interests of his employer. The foreman's application to join the union has not been accepted. It remains in abeyance for a month and the acceptance is made by the head centre of the union in Chicago. The Bulletin is now authoritatively informed that if at the end of a month the application had not been accepted the union would then have demanded the discharge of the foreman or would have walked out without notice as they threatened on Monday the 9th.

A newspaper is a most intricate piece of mechanism, requiring expert assistance in every stage of its production. The members of the I. T. U. traded on this fact in their hold-up of Monday the 9th and in this subsequent demands. Because of this fact the newspaper managers were careful not to offend the high and mighty union or knowingly transgress any of its numerous by-laws. When the Bulletin staff threatened to go out they meant to tie up the business, and when they were discharged it naturally meant a very serious and costly

rearrangement which it will take a considerable time to complete, and which it will be their business to prevent if possible. Every string that the International Typographical Union in all its branches can pull will be pulled to prevent the Bulletin from securing further competent assistance. Under the most favorable circumstances, this would take time and money, and with the strength of the union throughout the continent of North America wherever the printing trade flourishes persistently and scientifically used against the Bulletin in its effort to secure such further assistance, makes the task doubly difficult. Although a tie-up has been averted the paper will be issued under serious disadvantages for some time to come. The Bulletin has fought the battles of the people of this city and district for many years, and now when it is engaged in a life and death struggle for its own independence and existence it has confidence that the people will stand by it.

#### CELEBRATED GOLDEN WEDDING.

The Golden Wedding of Noel Boissonneault and wife, nee Phœbéne Brissette was celebrated at Morville on Tuesday. They were married at Somerset, P. Q., and have five children all living here Mrs. J. H. Gariepy, Mrs. C. Torgon, Mrs. C. Lagore, Messrs. H. and L. Boissonneault. Noel Boissonneault has three brothers, living at Morville. Mrs. Noel Boissonneault has a brother Mr. N. Brissette and a sister living at Morville. This large family came from Montreal in 1891 and were induced to come here by Father Morin then immigrant agent. They were the first settlers in Morville.

Four generations were present at the feast and a large party went out from town. Mass was celebrated at 10:30 in Morville Church, sermon by Rev. J. A. Elhier. Rev. Father Ledue representing Bishop Legal now absent in Europe was present with Rev. Father Hehn and Rev. J. A. Normandeau parish priest of Legal. The church was crowded and the decorations were splendid. Special music was rendered the soloists being M. L. Lessard, H. Boissonneault and others. At noon dinner was served at which were present over one hundred relatives and friends. Addresses were read by friends and several splendid gifts offered. Recitations were given by the grandchildren and addresses by Father Ledue, Wilfrid Gariepy and others. Mr. Boissonneault replied suitably. In the afternoon a drive through the town was enjoyed and in the evening dancing and singing. Songs were shown on most of the buildings in the town. Mr. Boissonneault is 63 years of age and Mrs. Boissonneault 66. Both enjoy splendid health.

#### Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

**Coal.**—Coal lands may be purchased at \$10 per acre for soft coal, and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

**Quartz.**—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1500 by 1500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office. One additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate

claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on such alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental, \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river, and hill claims shall not exceed 250 acres in length measured on the base line or general direction of the creek or gulch the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the creek, gulch, or river, and shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the applicant has been prospected by the applicant or his agent; is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 40 acres. Should the prospectors discover oil in paying quantities, and satisfactorily establish such discovery an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

Department of Interior, Ottawa, September, 1903. JAMES A. SMART, Deputy Minister of the Interior. 29 12 05

### Object to Reid.

#### Bulletin Special.

Washington, Jan. 18th.—A vigorous protest has been made against the appointment of Whitehead Reid to be ambassador of Britain, by Wayland Glen. In a communication to the President today Glen charges that Reid is so excessively intimate with the Canadian Government that if he is given the place he will share negotiations and relations between the States and England that they will rebound to the benefit of monarchical ideas and thoughts.

### Manitoba Has a Surplus.

#### Bulletin Special.

Winnipeg, Jan. 18th.—Hon. J. H. Agnew provincial treasurer delivered the budget yesterday. He claimed a quarter of a million surplus. Agnew who has only been 11 months treasurer received encores from both sides of the house.

The Attorney Gen'l's High License bill comes up today. The highest license in Canada will be \$30 for Winnipeg hotels, which must have at least 50 bed rooms.

The city Presbyterian churches met last evening. Reports were satisfactory.

William A. Yates, forger, died in jail yesterday, having served only a portion of his time.

Curry beat Virden 4 to 3 last night.

### Will Establish a Census Office.

#### Bulletin Special.

Ottawa, Jan. 17th.—The Bill which Hon. Sidney Fisher introduced today to establish a census and statistics office provides that the next census will be taken in the month of June 1911 and thereafter every tenth year. In 1901 the population was counted in March, but at such a season of the year much inconvenience and loss of time resulted owing to the heavy snow drifts which impede movements in many parts of the country. In June 1906 a census of population and agriculture in Manitoba and the N. W. T. will be taken and every tenth year thereafter. The census and statistics office will be under a chief officer, Mr. Archibald Blue, a secretary and such other officials as may be necessary for the conduct of the office. In addition to population statistics concerning other matters of public interest will be collected from time to time.

### Currie Loses His Senatorship.

#### Bulletin Special.

Ottawa, Jan. 17th.—The Senate adopted the address in reply to the speech from the throne today.

Two years ago Rufus Currie of N. S. was appointed Senator. He refused the seat and would not resign. He has been nominated now for another term for two years and will lose that which he would not accept or resign.

### Montreal Financiers at Law.

#### Bulletin Special.

Montreal, Jan. 18th.—An action involving many leading Montreal men has been commenced. Sir Geo. Drummond, E. C. Clouston, Manager of the Bank of Montreal, C. D. Owen, and David Morrice, are interested in the Cotton Mills Co. Owen has now taken action for \$12,500 against Morrice and claims that the four agreed to underwrite the bond issue for \$50,000, that Drummond and Clouston got their share but Morrice hung on and is suing for his share.

### MacDonald's Munificence

#### Bulletin Special.

Montreal, Jan. 17.—Sir Wm. MacDonald has given an additional \$10,000 to McGill university making \$135,000 in all.

### By-Election in Wright.

#### Bulletin Special.

Ottawa, Jan. 19th.—Sir Wilfrid Laurier to-day elected to sit for Quebec East in the present Parliament, thereby creating a vacancy in Wright. The writ for the Wright by-election was issued to-night. Nomination January 27th and polling February 3rd.

### Preparing to Build.

#### Bulletin Special.

Montreal, Jan. 19th.—F. W. Morse President and General Manager of the G. T. P. Railway, is busy arranging for the preliminary construction work of the G. T. P. In the spring work will commence from the Western terminus. The belief that the Company will require large numbers of laborers has gained currency over wide areas in Europe and it is expected there will be a great influx of immigration in the spring in consequence.

### Ontario Forecasts.

#### Bulletin Special.

Toronto, Jan. 18th.—Nominations took place throughout Ontario to-day for the local elections for the Legislature to be held on January 24th. Everything passed off quietly. There were no elections by acclamation.

Reports from Conservative sources claim Whitey will have 17 of a majority. This allows for the seats that are doubtful and which neither side claim.

It is said to be a foregone conclusion that Dr. Ryan, East Toronto will be elected speaker if the Conservatives win. The Liberals claim a majority of at least 11.

### ALSO AFTER INFORMATION.

#### Editor, Bulletin.

Sir:—Kindly permit me to reply to a communication from O. C. Putnam of this place in your issue of the 9th inst., who says, "We must pay for the privilege of voting for a man who doesn't happen to receive a certain number of votes." We also are after information, and would be pleased to have Mr. Putnam refer us to the Ordinance and section of the same requiring pay from any elector for his vote for any candidate. He further says of the old parties, "They try to confuse the people and keep them in ignorance concerning vital questions with such old rotten issues as the tariff." Now, are we very much at sea as to what ticket Mr. Putnam voted at the last election, for the three candidates who canvassed this electoral district tied with each other in eating the tariff as a live and very important issue. Then the fling at the "old parties" is very puerile indeed. No man who is willing to read, ask questions, and use his own reasoning powers need be at all confused or deceived in political matters to-day. Again, Mr. Putnam says, "We claim to have a secret ballot and yet a half-dozen fig-horns of every voting precinct can know every man's vote." If the provisions of the law are carried out by the officials conducting the election the secrecy of the ballot is as safely guarded here as in any country in the world, and the law provides that every candidate may have representatives present to see that every ballot is marked, received, deposited, and recorded exactly according to law; this done, there is no way of knowing how any man voted except from his own statement or his known political bias and affiliation.

Very respectfully,  
W. B. McPHERSON.

## ALBERTA MUTUAL.

A most successful and large meeting of the members of the Alberta Mutual Fire Insurance Co. was held on Tuesday in the office of the Co., for the purpose of holding the second annual meeting. Some 18 members were present and 140 represented by proxies.

It was found that during the year some \$260,000.00 had been written and that the affairs of the Association generally speaking were highly satisfactory. The business of the Co extends throughout the whole of the N. W. T., a large portion of it coming from Assiniboia. Under these circumstances it was found necessary to increase the number of the Directors to 14. The following gentlemen were then elected to the various positions in the Co.

R. Secord, President; Geo. Roy, Vice-President.

Directors:—J. B. Cundiff, Haynes, Alberta; Jno. K. Smith, Fair Bank P. O., Alberta; Kenneth MacDonald Sr. Edmonton; Addison Taylor, Mulock, Assn.; S. LaRue, Edmonton; E. L. West, Calgary; Harris Orlin, Ederville P. O., Alberta; F. P. Hobson, Edmonton; Herbert Bing, Cailmont, Assn.; Geo. Deze, Beaver Hills, Alta.; A. W. Taylor, Edmonton; A. C. Hare, J. P., Earville P. O., Alta. A. W. Taylor, manager; A. E. Fayer, Treasurer.

Mr. John Shield of Lacombe was elected inspector for Northern Alberta.

The report of the Auditor was read and the books of the company found to be accurately and carefully kept.

Votes of thanks were tendered the solicitors of the company, Messrs Brown, Dawson, Kennedy and Hyndman, The Bank of Nova Scotia, the Manager and Treasurer of the company for their courtesy and efforts during past year.

### The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 1 and 28, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township, or an adjoining or cornering township.

A settler who avails himself of the provisions of Clause 5, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantial.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1899.

Every homesteader who fails to comply with the requirements of the

homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

W. W. CORY,

Deputy Minister of the Interior.

N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

## ASSIGNEE'S SALE.

A Valuable Hotel Property. There will be sold by Public Auction at the Prince of Wales Hotel in the town of Wetaskiwin in the North West Territories of Canada, on Wednesday, February 1st, 1905, at 2 p. m. the valuable premises, known as the Prince of Wales Hotel, in Wetaskiwin, Alberta.

### Cream Separator

EXCELLED EVERYTHING AT THE KANSAS STATE COLLEGE

Read carefully Press Bulletin No. 123, issued May 26, 1903.

The U.S. excelled all of the five other separators in the competition, but we refer to one only in this space, viz. our "would-be competitors."

DeLaval average test of skim milk,	.048
U. S. " " " "	.033
U. S. excels DeLaval,	.015

This shows that the DeLaval Separator left 47 per cent. more butter fat in the skimmed milk than the U.S.

These facts substantiate former records, and are confirmed proofs that

The U.S. is the Most Thorough Skimmer on Earth.

For Manitoba and the West we transfer our Separator from Chicago and Minneapolis, and for the Eastern Provinces from Quebec, Sherbrooke, Montreal and Hamilton.

Write for catalogues to

VERMONT FARM MACHINE CO., Bellows Falls, Vt.

## GETTING DOWN TO BUSINESS.

Tuesday evening's meeting of the City Council was devoid of the sensational features which drew a crowded house at the previous session and which generally characterized the earlier gatherings of the aldermen. The topics raised were more of the nature of the ordinary civic business and afforded an opportunity of judging how municipal matters are to be handled when the novelty of the situation has worn off, and the council gets down to the less sensational matters of routine business.

His Worship declared the meeting open for the transaction of business shortly after eight o'clock and an extension of time was found necessary at eleven to conclude the business before the board. As at preceding meetings the discussion was very general very free, and usually in assistance rather than an impediment to the progress of business.

The needs of the fire brigade were brought up in the address of Chief Johnston and received some consideration. Mr. Johnston wanted the safe removed from the old offices and the partitions taken down. This would provide sleeping accommodations for two more men in the hall. The old police cells, to be taken out. New mattresses were also needed for some of the beds, also a table and some chairs. He presented a letter from the secretary of the brigade enclosing a bill for some \$29 for services rendered at the fire in the Garvey block. The letter brought up again the matter of the inadequacy of the present alarm system. In supporting the requests of the brigade, Ald. Griesbach drew attention to the advisability of having good men sleep on the premises. The centre rooms in the hall he said were not occupied as they were dark and of an uninviting appearance. The whole place needed renovating, calendering and painting. The inadequacy of the bell as an alarm was apparent to every one. Alderman Clark said the safe could be removed only by cutting out the floor and lowering it by means of blocks. He recommended that this be done at once to allow the immediate use of the room and that the safe be stored in a warehouse until sold. The committee in charge of the fire department were empowered to provide the supplies immediately necessary and asked to bring in a report as to the alterations necessary in the hall and the stable requirements for the fire team.

The charge made against the Chief of Police by Frank Novik was considered at considerable length. The writer claimed that a purse which had been lost on the street had been found and given to the chief who had retained a portion of the contents and demanded a reward for the recovery of the property. Ald. Griesbach, not being acquainted with the complainant inquired if he were a responsible party. The secretary replied that Mr. Bishop was acting for him and had written the letter on his behalf. The suggestion was made to refer the matter to the Police committee for investigation and report but Ald. May objected and claimed that the full council should have all the evidence and decide on the matter. The complainant in his communication said he was a stage driver to the Lardine and was in the city on Monday only. He asked for a special session of the council to be called at which he could be present. As Chief Deen is at Beaver Lake and it was not known when he would return the meeting was fixed for Monday evening, 30th. inst. Notice will be given to all parties concerned and every facility be provided for a thorough investigation.

Ald. Boyle brought up the question of the constitution of the city bylaws. These existed now only in the arranged in proper order and published in book form that citizens might have the opportunity of learning what the bylaws on any subject are. Ald. Griesbach believed that the lawyer in the city was familiar with ten of the city bylaws because they were set in an easily accessible form. It was suggested that the city solicitor might be asked to do this a scattered collection. They should work also that the work of arranging the bylaws be distributed among the several committees of the council rather than placing the whole burden on the bylaw committee.

The first matter to be laid on the shelf, pending the appointment of the Commissioners on Tuesday evening (last) was the consideration of the City Engineer McLean's report regarding the proposed trunk sewer and the waterworks extensions. The plans of this work were to be complete tomorrow and the Engineer asked for authority to call for tenders for the installation. It was decided in response to this until the commissioners have been appointed.

The insurance question was finally settled, as Ald. Griesbach put it by the council "throwing up its hands" and accepting the unaltered application forms of the various companies. The surrender was by no means voluntary as the item has been on the program at every meeting for more than a month. The point of difference was regarding the liability assumed by the companies for damage done electrical machinery by the fire originating within the same. Under the usual clause the companies are liable for losses sustained on both machinery and building if both are destroyed by fire originating in this way but not for damage when the machinery alone is injured. The city solicitors tried to secure such alteration of this clause in the application that the city would be protected in any event but the board of Underwriters insisted on their clause. It then confronted the council as insurance or no insurance and they submitted.

Two reports were submitted by the Medical Health Officer. The first brought up the unfortunate case of a man said to be suffering from scarlet fever who had been sent on Sunday last by a Strathcona doctor to one of the hospitals in the city. The hospital had refused him a division and he applied to the Health Officer. He was unable to secure admission for him to either hospital could not allow him to go to a hotel and was eventually forced to send him back to his medical adviser in Strathcona. The hospital he said each have isolated wards for contagious diseases developed in the hospitals but outside patients suffering from this class of maladies are not admitted. He recommended the erection of a small building near one of the hospitals to be used as an isolated hospital for diseases other than smallpox. The Sanitation and relief committee were asked to look into the matter and suggest a permanent plan for providing accommodation for this unfortunate class of patients.

The Health Officer's second report introduced the council to legal complications. A party had been out for below Fraser's mill near the outlet of the sewer system. The city police had been informed of this and had given orders to stop the work and seize and destroy the ice already taken out. It was then found however that the ice was stored in a trench beyond the authority of the local authorities. As it was intended solely for cold storage purposes he did not anticipate any danger allowing it to be so used. The council adopted the report and instructed the secretary to ask the co-operation of the Strathcona officials in providing a recurrence.

## SUMMING UP

THE principal features of my Pharaoh Cigar are as follows:

- 1.—Cuban filler—I select from the best grown in the Manicagua district in the Province of Santa Clara.
- 2.—Connecticut Broadleaf binder—the most expensive grown.
- 3.—Clear leaf Sumatra wrapper, I import direct from Holland.
- 4.—I do not work any tobacco until I age it at least three years—then the taste and fragrance are fully developed.
- 5.—Each cigar is rolled by hand, under my personal supervision—I secure in Pharaoh a steady, even combustion and a cool, sweet smoke.

## REPORT OF THE IRON PROPERTY

### OF THE EDMONTON COAL AND IRON COMPANY

#### LOCATION.

About one hundred miles northeast of Edmonton on the north side of the Saskatchewan river and midway between Victoria and Lac La Biche in the North-West Territories of Canada.

#### TRANSPORTATION.

Good wagon roads from Edmonton and from Ft. Saskatchewan also south to Whitford and Battleford. The property is situated twenty miles north of the route of the Canadian Pacific Railway, near the route of the Grand Trunk Pacific, and within eight miles of the Saskatchewan river which is navigable.

#### CHARACTER OF COUNTRY.

Comparatively flat prairie relieved with low rolling hills, which are thickly wooded with small jack pine and fir. The pine runs from five to eight inches in diameter, and is suitable for fencing, building and fuel.

#### WATER SUPPLY.

There is a stream running through the property, which in the driest seasons yields an ample supply for all purposes. In addition there are two large lakes of fresh water on the property at least 300 acres.

#### DESCRIPTION OF PROPERTY.

This consists of six claims in townships 68 and 59, ranges 14 and 15, west of Fourth Meridian. The claims are named Wee Aman, Irondale, Limonite, Farm, Revelstoke, Rita and Eva, and all being fully licensed by the Dominion Government to Messrs. McAdam & Johnson, and surveyed by Messrs. Saunders & Driscoll, P.L.S., in June, 1904.

#### CHARACTER OF MINERAL DEPOSIT.

Oxide of iron, yielding on analysis, 45.2 per cent of metallic iron on the certificate of Mr. A. L. McKillop, of Nelson, dated October 26, 1904.

#### OCCURRENCE OF DEPOSIT.

A stream runs through the property from north to south, and in the flat portions widens out into a large bog in which the ore is deposited for a distance of two miles in length and from 200 to 600 feet in width; the depth of the deposit is from six to fourteen feet. On the Wee Aman Claim it is from 500 to 6000 feet in width, and is a genuine bog ore. Towards the north end of the property the ground rises and the deposit is covered by several feet of gravel, put at points where the drift is cut evidences of the continuance of the deposit underneath are found.

#### WORK DONE.

A number of pits have been sunk, some twenty feet deep, through the deposit, and in each its continuity over the area named has been demonstrated. In addition a trench half a mile long has been cut to drain the upper or north end of the property. On the Wee Aman claim a substantial cabin and barn have been built.

#### QUANTITY.

The extent of the development work will not admit of a close estimate of tonnage, but I can safely say from the areas actually measured that a million tons would be well within the mark, and it is not improbable that this estimate will be greatly increased as work proceeds.

#### UTILITY OF DEPOSIT.

First, an excellent paint oxide for which a market could readily be found as the country opens up and railway facilities are provided.

Second, in combination with other ores for smelting and iron and steel manufacture, similar to that so successfully smelted at the Radnor Forges, Quebec, for many years.

#### COST OF DEVELOPMENT.

\$10,000 judiciously expended in sinking and boring would thoroughly prove the property. I believe that you would have in it a most valuable asset and one easily and quickly realizable, as it is more than likely from the character and occurrence of the deposit that the springs of value which should be developed by boring.

Having had thirty years' experience in locating and working various iron deposits, I have no hesitation in saying that this is a valuable property and one which will justify the expenditure recommended.

#### FUEL.

On the banks of the Saskatchewan river eight miles south there is an outcropping of good lignite coal running from 45 to 50 per cent in fixed carbon. This is easily accessible and available for fuel purposes.

Signed, W. M. BLAKEMORE, M.L.E., Greenwell Medalist, 1904.

## BY-LAW NO. 7.

A BY-LAW to provide for the granting of a bonus of \$100,000.00 to The Grand Trunk Pacific Railway Company and for granting exemption from taxation to the said Company, and for other purposes.

WHEREAS, the Council of the City of Edmonton and The Grand Trunk Pacific Railway Company, having entered into negotiations, have come to a provisional and preliminary agreement whereby it is proposed that the City should grant to the Company a bonus of \$100,000.00 payable in cash or in the debentures of the City payable as hereinafter provided, and exemption from taxation as hereinafter provided and certain other rights, privileges and concessions, in consideration whereof it is proposed that the Company should establish and maintain at Edmonton its chief divisional point on their main line between Winnipeg and the Pacific Coast, and grant to the City a number of other important rights, privileges and concessions to the advantage of the City;

AND WHEREAS, it is expedient that the Council should be authorized to conclude in the name of the City a final and binding agreement with the said Company, and as part of such agreement to bind the City to grant to the Company the bonus and exemption from taxation above referred to;

AND WHEREAS, it is expedient that debentures of the City for the said sum of \$100,000.00 be issued for the purpose of granting the said bonus and that the said debentures should be payable during the period of forty years from the date of the issue thereof, and should bear interest at a rate not exceeding four and one-half per cent. per annum and should, as the Council shall deem expedient,

be payable either (1) in such manner that each installment of principal and interest shall be as nearly as possible equal in each year of the said period of forty years, or (2) in such manner that the principal shall be paid at the end of the said period of forty years (an annual sum by way of sinking fund being raised annually during the said period sufficient with the accumulated interest thereon to meet the principal at maturity) and the interest thereon annually.

AND WHEREAS, the amount of the whole rateable property in the City according to the last revised Assessment Roll is \$3,958,748.00;

AND WHEREAS, the total amount of the existing debenture debt, exclusive of local improvement debts, secured by special assessments is \$369,037.39 of which no part is in arrears;

AND WHEREAS, it is expedient that this By-law should take effect on the day of the final passing thereof;

NOW THEREFORE the Council of the City of Edmonton, duly assembled, enacts as follows:

(1) The Mayor and Secretary-Treasurer of the City of Edmonton are hereby authorized and empowered to issue in the name and on behalf of the City one or more debentures to an amount not exceeding in the aggregate the sum of \$100,000.00, for the purpose of the same or the proceeds of the sale thereof being delivered or paid to The Grand Trunk Pacific Railway Company as a bonus.

(2) The said indebtedness created by the said debentures shall be paid and the said debentures shall be made payable during the period of forty years from the date of the issue of such debentures, and shall bear interest at a rate not exceeding four and one-half per cent. per annum, and shall as the Council shall deem expedient be payable either (1) in such manner that each installment of principal and interest shall be as nearly as possible equal in each year of the said period of forty years, or (2) in such manner that the principal shall be paid at the end of the said period of forty years (an equal sum by way of sinking fund being raised annually during the said period sufficient with the accumulated interest thereon to meet the principal at maturity) and the interest thereon annually.

(3) During the currency of the said indebtedness there shall be raised annually by special general rate on all the rateable property in the City at the same time and in the same manner as the ordinary general City taxes a sufficient sum to meet the amount of the annual installment of principal and interest, or the amount of the equal annual sinking fund and interest, as the case may be, payable in each year in respect of the said indebtedness.

(4) None of the debentures or the proceeds thereof shall be delivered to the Company unless and until the Council, on behalf of the said City, and the Company shall have entered into an agreement binding upon both parties thereto setting forth the terms and conditions upon which, and the consideration for which such bonus is granted, and unless and until such agreement is approved, and its execution by the Mayor and Secretary-Treasurer, on behalf of the City, is authorized by by-law of the Council, and one of the terms of the agreement may be to the effect that for the term of five years from the first of January, 1965 the Company and all its property within the City shall be exempt from all municipal taxation, and that for the term of twenty years from the first of January, 1969, the total amount for and in respect of which the Company or the property shall be assessed by the City shall not exceed the actual valuation of the Company's lands at the time of the purchase thereof by the Company such valuation not to be decreased by any bonus or deduction in the nature of a bonus allowed to the company.

(5) This by-law shall take effect on the final passing thereof.

(6) The votes of the burgesses for and against this by-law shall be taken at the Council Chamber, on Monday, the 30th day of January, 1965, between the hours of 9 a.m. and 5 p.m.

(7) George Johnstone Kinnaird, Secretary-Treasurer of the City is hereby appointed Returning Officer, and Kenelm Collins, Deputy Returning Officer, to take the votes at the time and place aforesaid.

(8) The said Council Chamber at the hour of 11 o'clock on Saturday, the 28th day of January, 1965, is hereby fixed as the time, when and place where the Mayor will be present and will make all such proper appointments as he shall be requested to make of persons to attend at the polling place, and at the final summing up of the votes by the said Secretary-Treasurer on behalf of the persons interested in promoting or opposing the passing of the By-law.

(9) The said Council Chamber at the hour of 5.30 p.m., of the said 30th day of January is hereby fixed as the place, and time where and when the Secretary-Treasurer shall sum up the number of votes given for and against this by-law.

Passed provisionally in Council, this 3rd day of January, 1965.

K. W. MCKENZIE, Mayor.  
 GEO. J. KINNAIRD, Secretary-Treasurer.

Public Notice is hereby given that the above is a true copy of a proposed by-law which has been introduced, and which may be finally passed by the Council (in the event of the assent of the burgesses being obtained thereon), after one month from the 5th day of January, 1965, being the date of the first publication of the said proposed by-law in the "Edmonton Bulletin," a newspaper published in the City of Edmonton, and that Monday, the 30th day of January, 1965, between the hours of 9 a.m. and 5 p.m., at the Council Chamber, Edmonton, the voting on the proposed by-law will be held between the hours of 9 a.m. and 5 p.m.

G. J. KINNAIRD.

Toronto,  
 Managing Director.

## BRANCH OFFICE FOR ALBERTA

Imperial Bank Block, Edmonton.

C. W. STRATHY, Manager

## Take Hold

Of anything we offer with confidence. Our experience enables us to sift the good from the bad among the samples shown us to only the good—the very good—clothes purchased.

Many very handsome pieces of goods are now shown. Our new fabrics are just the right weight, color and style for present wear.

Saigeon & McKae,

ART TAILORS

\$65,000.00

## TO-DAY.

## Gariepy &amp; Lessard.

Will again open their doors to the public as the complete stock has to be sold within one month, regardless of prices.

YOU

Want to come early and have a good choice, some of the goods have been soiled by smoke on the outside but the greater portion are in first class condition. This is a chance of a lifetime. So don't be late.
